Macionis's book is the only social problems text that explains how society frames social problems and solutions through politics. The text analyzes social issues and policies, using the concepts of sociological theory and the everyday language of politics. It also helps students understand the attitudes and values that define the political spectrum in the United States.

Revel Social Problems focuses on how people construct problems, and how they develop potential solutions, based on their political attitudes. Analyzing issues from liberal, radical-left, conservative, and libertarian points of view, author John Macionis encourages students to develop their own positions, and helps them attain the knowledge they need to engage in solving social problems through activism and political discussion.
