Antrixsh Gupta is the CEO of and a Chief Data Scientist at Danalitic. He comes with vast experience solving real-world business problems.

To Be A Data Scientist, You Must Be A Software Engineer: Antrixsh Gupta, Danalitic

To date, there is no shared canonical infrastructure stack for machine-learning based applications. But here are the critical components.

MLOps vs. DevOps: Why data makes it different

We recently spoke with the chief executives of companies that participated in the recent AWS Startup Showcase: The Next Big Things in AI, Security & Life Sciences to find out what drives them and ...

CEO of Orca Security discusses taking a radical approach to cloud security

The [Architectures You've Always Wondered About!](#) track at QCon is always filled with stories of innovative engineering ... a systematic approach to continuous improvement. Software is ...

Engineering Digital Transformation for Continuous Improvement

Conversely, the bottom-up approach begins with the integration of lower level hardware, software ... JB Systems Several experts and practitioners agree [to](#) varying degrees [to](#) that most real world ...

What is middle-out systems engineering?

EDT is a digital, self-paced training program for teaching software leaders and practitioners how to guide their own approach to continuous ... Join the Engineering the Digital Transformation ...

Industry Experts Gary Gruver and David Farley Partner to Help Organizations Learn How to Improve Digital Transformations

I've just finished reading a great book by Pedro Domingos called [The Master Algorithm](#). In the book Domingos presents different machine learning models and questions whether one will eventually win ...

Water Engineers [to](#) Rationalists or Empiricists?

Robert Feeney and William Tincup talk about how practitioners make the business case or the use case for purchasing Ringorang.

The Use Case Podcast: Storytelling About Ringorang by Knowledge as a Service With Robert Feeney

Public repo for HF blog posts. Contribute to huggingface/blog development by creating an account on GitHub.

Large Language Models: A New Moore's Law?

The [Architectures You've Always Wondered About!](#) track at QCon is always filled with stories of innovative engineering ... from practitioners driving innovation and change in software.

How a Safe-to-Fail Approach Can Enable Psychological Safety in Teams

Watch as artificial intelligence (AI) will gobble up the planet![This](#) could very well be a phrase from a fiction bestseller that is set in a near-future where machines have made a large part of the ...

AI & ML in Investment Management - Are We There Yet?

The pandemic accelerated the Digital Transformation of virtually every Enterprise as they pressingly looked at ways of getting to their customers in a..

Navigating the Hybrid, Multi-Cloud era: 8 in-demand skills to drive business success

This emerged in the 2021 ICT Skills Survey, carried out by Wits University's JCSE in partnership with the Institute of Information Technology Professionals SA.

SA ICT sector navigates pandemic unscathed; skills gaps remain

Sulima, Robin Whytock and Jdrzej wieewski share their experience of building a machine learning algorithm that helps track biodiversity in Gabon's tropical forests ...

Caught on camera: how data can help preserve biodiversity

Alán Aspuru-Guzik is using AI, robots, and even quantum computing to create the new materials that we will need to fight climate change.

This chemist is reimagining the discovery of materials using AI and automation

AT&T and H2O.ai Launch Co-Developed Artificial Intelligence Feature Store with Industry-First Capabilities . H2O AI Feature Store, currently in production u ...

AT&T and H2O.ai Launch a Co-Developed AI Feature Store

AT&T and H2O.ai jointly built an artificial intelligence (AI) feature store to manage and reuse data and machine learning engineering capabilities. The AI Feature Store houses and distributes the ...

AT&T and H2O.ai Launch Co-Developed Artificial Intelligence Feature Store with Industry-First Capabilities

Gary Gruver (author and president of Gruver Consulting, announces the [Engineering the Digital Transformation Training and Certification](#) (EDT) program. EDT is a digital, self-paced training program ...

Industry Experts Gary Gruver and David Farley Partner to Help Organizations Learn How to Improve Digital Transformations

New computer-based training program from Gruver and Farley teaches software organizations ... and one for practitioners (\$200). Both versions provide an approach that enables people to quickly ...
