Set in two Venices, the modern physical world and its virtual counterpart, The Abomination by Jonathan Holt is a propulsive tale of murder, corruption, and international intrigue—the first book in an outstanding new trilogy in which Carabinieri Captain Kat Tapo must unravel a dark conspiracy linking the CIA and the Catholic Church. By the stunning white dome of one of Venice ' s grandest landmarks a body with two slugs in the back of the head has been pulled from the icy waters. The victim is a woman, dressed in the sacred robes of a Catholic priest—a desecration that becomes known as the Abomination. Working her first murder case, Captain Kat Tapo embarks on a trail that proves as elusive and complicated as the city ' s labyrinthine backstreets. What Kat discovers will test her loyalties and remind her of a simple truth: Unless old crimes are punished, corrupt forces will continue to repeat their mortal sins. The Abomination is book one of Jonathan Holt ' s Carnivia Trilogy.

AD 439: The Roman Empire is on the brink of collapse. With terrifying speed a Vandal army has swept through the Roman provinces of Spain and North Africa, conquering Carthage and threatening Roman control of the Mediterranean. But a far greater threat lies to the east, a barbarian force born in the harsh steppelands of central Asia, warriors of unparalleled savagery who will sweep all before them in their thirst for conquest - the army of Attila the Hun. For a small group of Roman soldiers and a mysterious British monk, the only defense is to rise above the corruption and weakness of the Roman emperors and hark back to the glory days of the army centuries before, to find strength in history. Led by Flavius, a young tribune, and his trusty centurion Macrobius, they fight a last-ditch battle against the Vandals in North Africa before falling back to Rome, where they regroup and prepare for the onslaught to come. Flavius learns that the British monk who had fled with them from Carthage is more than he seems, and he is drawn into a shady world of intelligence and intrigue under the aegis of Flavius' uncle Aetius, commander-in-chief of the Roman armies in the west, the man who alone has the power to rally Rome and her allies and save the western empire from annihilation. Aetius is desperate to buy time until his army is strong enough to confront the Huns on the field of battle, and meanwhile will do anything to undermine their strength. Together they devise a plan of astonishing audacity that will take Flavius and Macrobius across the frontier and far up the river Danube to the heart of darkness itself, to the stronghold of the most feared warrior-emperor the world has ever known – and into alliance with the emperor's daughter, a warrior-princess who has sworn vengeance against her father for the death of her mother. In the showdown to come, in the greatest battle the Romans have ever fought, victory will go to those who can hold high the most potent symbol of war ever wrought by man - the sacred sword of Attila.

How far would you go for Rome? Carthage, 146 BC. This is the story of Fabius Petronius Secundus – Roman legionary and centurion – and of his general Scipio Aemilianus, and his rise to power: from his first battle against the Macedonians, that seals the fate of Alexander the Great's Empire, to total war in North Africa and the Siege of Carthage. Scipio's success brings him admiration and respect, but also attracts greed and jealousy – for the closest allies can become the bitterest of enemies. And then there is the dark horse, Julia, of the Caesar family – in love with Scipio but betrothed to his rival Paullus – who causes a vicious feud. Ultimately for Scipio it will come down to one question: how much is he prepared to sacrifice for his vision of Rome? Inspired by Total War: Rome II, from the bestselling Total War computer strategy game series, Destroy Carthage is the first in an epic series of novels. Not only the tale of one man's fate, it is also a journey to the core of Roman times, through a world of extraordinary military tactics and political intrigue that Rome's warriors and citizens used to cheat death.
