SAP PM – Create General Task List (Task List Group)

According to Reliable Plant, the purpose of maintenance planning is to identify the tasks and prepare them for scheduling. We've listed the top 6 key maintenance planning principles to guide a planner in developing a work plan for each request. 1. Remain a Stand-Alone Individual

Download File PDF Task Coding Guide Maintenance Planning

What are some maintenance planning best practices?

The maintenance task plan is normally prepared by a maintenance planner. It is important to ensure that there is a sufficient amount of detail in the plan so that the work scope and method statement are clear. Safety precautions are factored into the plan along with the tools and materials required.
