past that suffered defeat, we are fighting the last war, with weapons and concepts that were useful to us then but have now been superseded. Philip Bobbitt argues that we need to reforge links that previous societies have made between law and strategy; to realize how the evolution of modern states has now produced a globally networked terrorism that will change as fast as we can identify it; to combine humanitarian ...

This is truly the book for our times.”—Steven Simon, Senior Fellow, Council on Foreign Relations and co-author of *Age of Sacred Terror* “*Terror and Consent* is the most profound analysis of the wars against terror. Bobbitt puts the threat in its proper historical and theoretical context, explains its relationship to globalization, international law and the domestic constitutional structure and offers tough-minded but humane prescriptions.
