The Case for Impeachment is a non-fiction book by American University Distinguished Professor of History Allan Lichtman arguing for the impeachment of Donald Trump. It was published on April 18, 2017, by Dey Street Books, an imprint of HarperCollins. Lichtman predicted to The Washington Post that after ascending to the presidency, Trump would later be impeached from office. He developed this thesis into a set of multiple arguments for Trump's predicted impeachment. Lichtman argues in the book th

Wilson feared that by interpreting its impeachment powers broadly, as Boutwell wanted, the House could, in theory, dictate policy to future Presidents. 50 Boutwell had framed part of his argument around the idea that impeachment could be used as a tool to prevent Johnson from interfering in the southern states during the 1868 presidential election, specifically the fear that Johnson would suppress African-American voters. But by this logic, Wilson asked, would the House impeach the President ...
