Critique of the modern world from the point of view of traditional metaphysics, with special reference to the Oriental doctrine of cosmic cycles. In *The Crisis of the Modern World*, published for the first time in 1927, Guenon writes a relentless and radical criticism of the modern world, revealing its shallowness and its spiritual

Guenon-The book is a caustic critic of the modern Occidental world. Guenon adopts a traditional approach in his writings. He claims that the Sacred tradition of the main religions are obviously from a divine source and that the fall of man represents the separation from the divine and the birth of individuality.
