The History Of British India

The History of British India is a history of Company rule in India by the 19th century British historian and imperial political theorist James Mill. This History went into many editions and during the 19th century became the standard reference work on its subject among British imperialists.

The History of British India - Wikipedia

Professor Bellenoit brings into relief the motives of the British throughout their long stay in India, the moral hypocrisy of the Raj, and the sometimes devastating effects of Raj policy on British Indian subjects. A History of British India offers a revealing look at how the modern nations of India, Pakistan, and Bangladesh emerged from the crucible of the Raj, and it examines the long-term effects of British rule on regional politics, religion, culture, economics,

A History of British India - The Great Courses Daily

The History of British India James Mill (1773–1836) was a Scottish-born writer and political philosopher, also known as the father of the philosopher and economist John Stuart Mill (1806–73). He studied at the University of Edinburgh, was licensed as a Presbyterian minister, and worked for a time as an itinerant preacher.

The History of British India - World Digital Library

To deduce to the present times a history of that part of the British transactions, which have had an immediate relation to India; recording the train of events; unfolding the constitution of that Body, half political, half commercial, through which the business has been ostensibly performed; describing the nature, the progress, and effects of its commercial operations; exhibiting the ...

Thus British Indian history in the 19th century is often divided into two halves, separated by the great watershed of 1857: an age of ill-considered reform, followed by an age of iron conservatism....

BBC - History - British History in depth: British India ...

The very idea of the British Raj—the British rule over India—seems inexplicable today. Consider the fact that Indian written history stretches back almost 4,000 years, to the civilization centers of the Indus Valley Culture at Harappa and Mohenjo-Daro. Also, by 1850, India had a population of at least 200 million. 1 ?

Taxation of salt has occurred in India since the earliest times. However, this tax was greatly increased when the British East India Company began to establish its rule over provinces in India. In 1835, special taxes were imposed on Indian salt to facilitate its import. This paid huge dividends for the traders of the British East India Company. When the Crown took over the administration of ...

Perhaps no era is more relevant to our understanding of how present-day India, Pakistan, and Bangladesh came to be than the nearly two centuries of British rule, beginning in 1757, during which India emerged as the most valuable colony of any empire in history.

A History of British India - English

After the first war for Indian independence, the British Government took over the administration to establish the British Raj. The British Raj refers to the period of British rule on the Indian subcontinent between 1858 and 1947. The system of governance was instituted in 1858 when the rule of the East India Company was transferred to the Crown in the person of Queen Victoria (who in 1876 was proclaimed Empress of India).

History of the British Raj - Wikipedia

The East India Company began establishing trading posts in India in 1600, and the Straits Settlements (Penang, Singapore, Malacca, and Labuan) became British through an extension of that company's activities. The first permanent British settlement on the African continent was made at James Island in the Gambia River in 1661.
