English Talks ~~The Impact Of The English~~

The impact of the English Language in an interconnected world. A decade ago it was estimated that just over one billion people could communicate in English to varying extents. Today, there ' s an estimated 1.75 billion of us (which translates to 1 in 4), who can communicate in English, and that number is still growing.

~~The impact of the English Language in an interconnected...~~

educational and political is critically discussed. Historically, English education has witnessed its inception, ups and downs, and the present boom. The recent expansion of English education is functionally and economically oriented at both individual and social levels. At the core of the impact of English stand the policy-making

~~Impact of English — ERIC~~

However, the impact of English on learners ' wider lives is seldom researched. Debates and public funding in ESOL (English as a second or other language) tend to push agendas of employability and integration, claiming immigrants are a drain on the economy or – contradicting that – taking local jobs.

~~The impact of English on learners ' wider lives~~

The 37 plays written by Shakespeare during this period had a great impact on the English language. While the Bard has been widely recognised as an iconic writer for his creativity, style and the complexity of his

Anglo-Norman Some say this eclipse of the English vernacular was "probably the most regrettable effect of the conquest. Superseded in official documents and other records by Latin and then increasingly in all areas by Anglo-Norman, written English hardly reappeared until the 13th century," according to britannica.com.

~~Terms of Enrichment: How French Has Influenced  
English~~

In the 1600s, when the first English settlers began to arrive in New England, there were about 60,000 Native Americans living in what would later become the New England colonies (Plymouth, Massachusetts Bay, New Hampshire, Connecticut, New Haven, and Rhode Island). In the first English colonies in the Northeast (as well as in Virginia), there were initial conflicts and concerns over the threat colonists posed to the Native Americans' long-established territory.

## ~~Impact of Technology & Culture on the English Language ...~~

The introduction of new words as well as phrases had greatly enriched the English language, which made it more expressive and colorful. Some believe that Shakespeare was the first to use about 1,700 words – words that he created by borrowing from other languages, changing verbs into adjectives or nouns and vice versa, adding suffixes and prefixes and connecting other words as well as creating new ones.

## ~~William Shakespeare: His Influence in the English Language~~

This continued evolution has led to English being the second most used language in the world. While the impact of invasions and the effect of other languages have had a significant influence on the language, it is without question that advancements in technology have played a vital role in the development of the language.

## ~~The Influence of Technology on the English Language~~

England was the most successful of the northwestern European predators on the Spanish possessions. In 1623 the English occupied part of Saint Christopher (Saint Kitts), and in 1625 they occupied Barbados. By 1655, when Jamaica was captured from a small Spanish garrison, English colonies had been established in Nevis, Antigua, and Montserrat.
