The term Phoenicia is an exonym from ancient Greek that most likely described a dye also known as Tyrian purple, a major export of Canaanite port towns. The term did not correspond precisely to Phoenician culture or society as it would have been understood natively, [10] and it is debated whether the Phoenicians were actually a distinct civilization from the Canaanites and other residents of ...

And as we have already seen, some colonies became so successful that they founded colonies of their own, in the case of Carthage from the mid-6th century BCE, even embarking on military campaigns to forge for itself an empire and take control of former Phoenician colonies.

~~Phoenician Colonization~~ ~~Ancient History Encyclopedia~~

The Phoenicians were famed in Classical Greece and Rome as ' traders in purple ' , referring to their monopoly on the precious purple dye of the Murex snail, used, among other things, for royal clothing. So far as world history is concerned, however, they are notable for the spread of their alphabet, from which all major modern alphabets are derived.
