quotations illustrate, the role of education in reducing inequality and promoting social mobility is a favourite topic among politicians seeking to share their vision for a fair and just society. However, while politicians from various parties may agree that education has a key role in promoting social justice, they differ in their views on the best way to achieve it.

Politics of Education - SlideShare  
Politics is at the heart of so much that  
is wrong with public education. On  
the left, education politics is often  
about increasing funding while  
evading responsibility for results. On  
the right, it ' s mostly about local  
control and unregulated school  
choice.

(PDF) Editorial. The Politics of Education: education from ... Education and politics enjoy a symbiotic relationship, that is, education affects politics and vice versa. Education, or lack thereof, influences the collective intellect, goals, and values of the body politic. The way in which a society is educated will thus determine who is able to hold office; how those in office are elected (or chosen); how much power and control those in office will have at their disposal; what laws are considered reasonable and
