Usually dispatched within 1 week. Synopsis. Beginning with Stalin's death in 1953 and ending with the dissolution of Soviet-U.S. antagonism in 1991, this book systematically explores the crucial turning points in the Cold War on all of its diverse fronts. The simplistic U.S. vs. Soviet analysis can obscure the fact that this war was fought by blocs of nations and in various regions around the world.

to the perceived balance of power in the Arab world and highlights tensions within Islam between the Sunni and Shia.

Project

Yemen: A Regional Cold War between Saudi Arabia and Iran

The Cold War was a period of geopolitical tension between the Soviet Union and the United States and their respective allies, the Eastern Bloc and the Western Bloc, after World War II. Historians do not fully agree on the dates, but the period is generally considered to span the 1947 Truman Doctrine to the 1991 dissolution of the Soviet

nuclear war. In fact, however, naming conventions changed over the years as strategies in Whitehall changed. In the aftermath of the nuclear attack on Hiroshima and the Soviet Union's development of the atom bomb, it was clear that London could not survive a nuclear bombardment.

Although considerable effort still went into secret construction of military citadels under London, the solu
