science has come to know about them: the way their bodies work, their dazzling navigational expertise, their ability to smell their way to fish or home, to understand the workings of the winds in which they live.

---

The Seabird's Cry: Amazon.co.uk: Nicolson, Adam, Boxer ...

A paean to some of the world's most iconic species of bird, The Seabird's Cry is also a record and a warning of a global tragedy in the making. Even as we are coming to understand them, the number of seabirds is in freefall, dropping by nearly 70% in the last sixty years, a billion fewer now than there were in 1950.

Amazon.co.uk:Customer reviews: The Seabird's Cry

The seabird's cry comes from an elemental layer in the story of the world. Over the last couple of decades, modern science has begun to understand their epic voyages, their astonishing abilities to navigate for tens of thousands of miles on featureless seas, their ability to smell their way towards fish and home.

The Seabird's Cry : Adam Nicolson : 9780008165703

The seabird's cry is easily a milestone. Never again will you look at a seabird as before reading/listening to this book. Just a big wow for me. As for the narrator, he was quite good, although during couple of chapters in the middle, there are some sentences where he starts on a high note and finishes on a low. It turns into a slightly ...
