Thinking politically refers to identifying the macro-patterns of thinking that human beings exhibit when they are engaged with the lives of, and life in, collectivities. PiS: If thinking politically can be more active or more reflective, more distanced or emotional, then, does your work point to 'correct' ways of thinking politically?

What is Political Thinking?: A Q&A with Professor Michael ...

Thinking politically 'Getting development right' is inherently a question of politics: of how a society is organised and governed, how its decisions are made, and how its institutions function. Over the past decade, political and economic governance has moved to the heart of international thinking on development.
