Acces PDF United States Naval Aviation 1919 1941 Aircraft Airships And Ships Aviation History Book Review: United States Naval Aviation

In May 1919, a crew of United States Navy aviators flew the NC-4 from New York State to Lisbon, Portugal, over the course of 19 days. This included time for stops of numerous repairs and for crewmen's rest, with stops along the way in Massachusetts , Nova Scotia (on the mainland), Newfoundland , and twice in the Azores Islands .

United States Naval Aviation 1910–2010 is the fifth and final hardbound edition of the series, which was initiated in 1960.

That first issue celebrated the first 50 years of United States naval aviation and this two-volume set commemorates the centenary.

United States Naval Aviation 1910-2010

Prior to 1919, all planes flown by the Army Air Service and the Navy were referred to by the designation given to them by their manufacturer. A variety of both domestic and foreign types were operated, with the latter being the primary front-line types during the First World War. Army Air Service, 1919–1924
