A user guide, also commonly called a technical communication document or manual, is intended to give assistance to people using a particular system. It is usually written by a technical writer, although user guides are written by programmers, product or project managers, or other technical staff, particularly in smaller companies. User guides are most commonly associated with electronic goods, computer hardware and software, although they can be written for any product. Most user guides contain

User guide - Wikipedia

A user guide is a book about how to use something. It is also called an instruction manual. A computer usually has a user guide to tell people how to use it. A computer program also often has a user guide. The user guide is often written by the person who made the software.

User guide - Simple English Wikipedia, the free encyclopedia

An owner's manual (also called an instruction manual or a user guide) is an instructional book or booklet that is supplied with almost all technologically advanced consumer products such as vehicles, home appliances and computer peripherals .

Life: A User's Manual is Georges Perec's most famous novel, published in 1978, first translated into English by David Bellos in 1987. Its title page describes it as "novels", in the plural, the reasons for which become apparent on reading. Some critics have cited the work as an example of postmodern fiction, but Perec preferred to avoid labels and his only long-term affiliation with any movement was with the Oulipo or OUVroir de Littérature POtentielle. La Vie mode d'emploi is a tapestry of ...
