An extraordinary epic, brilliantly-imagined, new novel from a world-class writer and author of The Name of the Rose. Discover the Middle Ages with Baudolino - a wondrous, dazzling, beguiling tale of history, myth and invention. It is 1204, and Constantinople is being sacked and burned by the knights of the fourth Crusade. Amid the carnage and confusion Baudolino saves a Byzantine historian and high court official from certain death at the hands of the crusading warriors, and proceeds to tell his own fantastical story.

Poised to become the leading reference in the field, the Handbook of Finite Fields is exclusively devoted to the theory and applications of finite fields. More than 80 international contributors compile state-of-the-art research in this definitive handbook. Edited by two renowned researchers, the book uses a uniform style and format throughout and

From Ismail Kadare, winner of the inaugural Man Booker International Prize – a novelist in the class of Coetzee, Pamuk, M á rquez, and Rushdie – the stunning new translation of one of his major works. In the early fifteenth century, as winter falls away, the people of Albania know that their fate is sealed. They have refused to negotiate with the Ottoman Empire, and war is now inevitable. Soon enough, dust kicked up by Turkish horses is spotted from a citadel. Brightly coloured banners, hastily constructed minarets, and tens of thousands of men fill the plain below. From this moment on, the world is waiting to hear that the fortress has fallen. The Siege tells the enthralling story of the weeks and months that follow – of the exhilaration and despair of the battlefield, the constantly shifting strategies of war, and those whose lives are held in the balance, from the Pasha himself to the artillerymen, astrologer, blind poet, and harem of women who accompany him. "Believe me," the general said. "I `ve taken part in many sieges but this," he waved towards the castle walls, "is where the most fearful carnage of our times will take place. And you surely know as well as I do that great massacres always give birth to great books. You really do have an opportunity to write a thundering chronicle redolent with pitch and blood, and it will be utterly different from the graceful whines composed at the fireside by squealers who never went to war." Brilliantly vivid, as insightful as it is compelling, The Siege is an unforgettable account of the clash of two great civilisations, and a portrait of war that will resonate across the centuries.

Ushtrime Te Zgjidhura Gjuha Shqipe Albas

Often cited as one of the most influential works of short fiction of the 20th century, Metamorphosis is widely studied in colleges and universities across the western world. Nobel Peace Prize winner Elias Canetti described it as "one of the few great and perfect works of the poetic imagination written..."

When it was first published in the author’s native country, THE PALACE OF DREAMS was immediately banned. The novel revolves around a secret ministry whose task is not just to spy on its citizens, but to collect and interpret their dreams. An entire nation’s unconscious is thus tapped and meticulously laid bare in the form of images and symbols of the dreaming mind.
