A popular new email scam claims to have video of you - don't worry, it doesn't. A titillating new scam has hit the scene, but don't let it work you up. It hits you with a one-two punch of first showing that it knows your password, then telling you a compromising video exists (taken with your own webcam) of you watching porn.

Scam alert! Don't fall for this webcam extortion play / Avast

Scumbags are trying to extort money from netizens by threatening to leak to friends and family videos of their marks watching X-rated videos. A Reg reader this week shared their story of being contacted by an extortionist who claimed to have obtained, through hacking our reader's PC, compromising webcam footage of them engaging in an act of self-love while watching an adult website.

Fell for Webcam Scam. Close. 4. Posted by 3 years ago. Archived. Fell for WebCam Scam. Hello all, Just want to share my experience of what happened to me last night to hopefully ease others who are going through this. This particular scam started with a fairly innocent looking "too-good to be true" female from the Philippines sending me a Facebook friend request. I accepted the request and ...

Fell for WebCam Scam : Scams - reddit

The webcam is compatible with most apps, which's great because the company's software is not that great compared to, say, Logitech's programs. What's pretty great though is the clip-on base design that is able to both stand and hang. With the device measuring only 9.8 x 7.6 x 6.4 centimetres, even the thinnest, practically frameless screens will be able to fit this 'cam. There's also this ...

The 5 Best Webcams of 2020 - Lifewire

A webcam with a high resolution is a must. The lower the resolution, the grainier the image looks on the screen. Most modern webcams support only high-definition video capture. Look for a video capture resolution of at least 720p or higher. A 1080p webcam is better, and these are becoming more common and more affordable.
