Should You Kill the Fat Man? Preliminary Questions. This activity is a treatment of some of the issues thrown up by a thought experiment called 'The Trolley Problem', which was first outlined by the philosopher Philippa Foot, and then developed by Judith Jarvis Thomson and others. But before we start properly, we need to ask you four preliminary questions so we get a sense of the way that you ...

You could consider sacrificing yourself by jumping onto the tracks in front of trolley, but, because you are small and slender, you would be killed, and the trolley would still run over the five people, killing them all. Should you push the fat man? Would you push the fat man? (Again, I ask readers to try to answer these questions honestly before reading on).

Would you kill the fat man? The question may seem bizarre. But it's one variation of a puzzle that has baffled moral philosophers for almost half a century and that more recently has come to preoccupy neuroscientists, psychologists, and other thinkers as well. In this book, David Edmonds, coauthor of the best-selling Wittgenstein's Poker, tells the riveting story of why and how philosophers ...

~~Would You Kill the Fat Man? by David Edmonds | Waterstones~~

Would you kill the fat man? David Edmonds says he would. For all their moralising, or perhaps because of it, philosophers are a politically incorrect bunch. Here and there are flashes of the insight that made Edmonds' Wittgenstein's Poker (co-authored with John Eidinow) briefly light up the philosophical firmament - to the extent to which (to my irritation) I was obliged to have a book ...
